Dear [redacted]

STAT

I want to take this opportunity to thank you on behalf of the Council for the fine work you accomplished in arranging the Second National Symposium on Digital Imagery Processing and Exploitation. From all accounts the content of the Symposium, both in substance and administration, was a marked success and has provided a good understanding for a wide spectrum of users and developers on the future expectations of our many digital imagery and processing activities.

I realize the great amount of time you personally had to devote to this task. It was worthwhile, and I wish to add my appreciation for a job well done.

Sincerely,

STAT
